# ZAIN MAHMUD

## VIDEO EDITOR

### SUMMARY STATEMENT

Creative and organized film editor and producer. Passionate about film, art, and creating unique content. With a sharp eye for detail and a solid knowledge of camera and editing methods, I am a quick learner and dedicated worker. My filmmaking talents have been acknowledged frequently via personal and professional experiences, demonstrating a passion for the art of visual storytelling.

### EXPERIENCE

#### VIDEO EDITOR / GAZE

*Freelance / September 2023 – February 2024*

- Produce interesting graphic design for advertising, product displays, and promotional purposes in collaboration with the creative team.
- Edit and put together the raw footage to create the final product that is consistent with the mission of our business.

#### VIDEO EDITOR INTERN / BIASLY

*Freelance / August 2022 – May 2023*

- Demonstrated expertise in creating short, customized videos through the utilization of animation and whiteboard explainer software, while concurrently acquiring proficiency in various video editing tools and software.
- Created content by conducting extensive research on current news topics, enabling the creation of compelling and informative video content for online audiences.
- Collaborated closely with a team of professionals to conceptualize, develop, and execute video projects, fostering effective communication and teamwork skills.
- Contributed to the expansion of Biasly's online news presence by consistently delivering high-quality videos that resonate with and engage users, ultimately enhancing the platform's user experience.

#### FILM INTERN / LUCKY POST

*Dallas, TX / April – June 2019*

- Assisted creative editorial, graphic design, sound design, mixing, color, composition, and VFX departments in the post-production process of film projects.
- Worked closely with clients, agencies, and brands to develop and implement creative solutions, tailoring content to their preferences and objectives.
- Acquired practical experience in video production by utilizing Adobe Premiere Pro and Final Cut Pro software.
- Contributed to the successful completion of final cuts, ensuring high-quality deliverables for clients.
